- **What ingredients are in your Decorated Cookies?**

Our iced **Decorated Vanilla Sugar Cookies** are made of flour, granulated sugar, butter, eggs, baking powder, salt, vanilla extract, confectioner's sugar, pasteurized egg whites, and artificial colors.

Our iced **Decorated Chocolate Cookies** are made of flour, granulated sugar, butter, eggs, brown sugar, baking soda, salt, chocolate liqueur, cocoa powder, confectioner's sugar, pasteurized egg whites, and artificial colors.

- **Do you offer a discount your Decorated Cookies?**

These cookies are being created expressly for you and the largest portion of the cookie costing formula is labor. Though I would love to be able to offer a discount, I am unfortunately unable to do so at this time.

- **What is the shelf life of your Decorated Cookies?**

Decorated Cookies have a shelf life of up to 60 days from baking if kept in sealed cellophane bag or in an airtight container. You can expect some deterioration in the cookie decoration if moisture touches the cookie surface. Also, humidity can cause the icing to darken in spots. Please keep your Decorated Cookies as cool and dry as possible.

- **Do you recommend freezing your Cookies to extend their shelf life?**

No, I do not recommend freezing our cookies, as condensation during thawing may damage their appearance. If you do freeze our decorated cookies please thaw them wrapped. Melissa Flaherty Cakes is not responsible for any damage to our cookies if they are frozen.

- **How are your Cookies Packaged or Wrapped?**

Wrapping in a clear cellophane bag with label closure is included in the price of our decorated cookies. Cookies can be placed on a wrapped platter instead of individual cellophane bags. If you would like cookies to be wrapped in a cellophane bag that is tied with an individual ribbon there will be an additional charge of \$0.25 per cookie.
